

**Geoffrey Walton**  
**Senior Vice President, Medicaid and Medicare**  
**Univita**

Mr. Walton is an expert in geriatric demographics, wellness, risk and disease management of Alzheimer's and other chronic conditions. Mr. Walton serves as Senior Vice President of Medicaid and Medicare Integration for Univita. In this role, he is leading the effort to bring Univita's independent aging vision to reality through innovations in the Medicare and Medicaid programs. Mr. Walton was CEO of Secured Independence (SI), the first geriatric disease and risk management company focusing on the Long Term Care Insurance Industry. Mr. Walton has extensive experience in the operations of care programs for the frail elderly. Previously, Mr. Walton was Vice President of Strategic Integration for Sun Health Corporation where he helped launch and was responsible for the operation of Sun Health's Medicare Advantage plan. Mr. Walton has degrees from the State University of New York at Albany and a Master's of Health Administration (MHA) from the University of North Carolina at Chapel Hill.
